20 December 2019

Dear Sir/Madam

### **A38 vegetation clearance works in your area**

Highways England operates, maintains and improves England's motorways and major A roads. I am writing to let you know that we will shortly be carrying out vegetation clearance works in your area.

#### **The works**

We are carrying out a programme of vegetation clearance to improve visibility and safety for motorists. The work will be carried out along the A38 between Saltash and Trerulefoot in a series of phases. The programme will be carried out ahead of bird nesting season throughout the course of January and February 2020. We will endeavour to complete all noisy works before 11pm and would like to apologise in advance for any inconvenience which may be caused.

#### **Traffic management**

Works will be carried out under lane closure where possible, however some short term locally signed diversions may be needed.

Please note we always aim to work to the programme, however **unforeseen circumstances and adverse weather conditions may mean changes to it**. We will always aim to notify you of any major changes within the programme and advance roadside warning signs will be updated with the latest information, please monitor [www.trafficengland.com](http://www.trafficengland.com) to keep up to date.

If you have any queries or comments about the work, or would like further information please contact Highways England Customer Contact Centre on **0300 123 5000** or by email: **info@highwaysengland.co.uk**

Yours faithfully,

Andrea McAllister  
Stakeholder Manager, Highways England
